Minor Procedures

Our surgeons, Raminder Dhillon, Beryl Tan, Snazz Shah and Richard Tee provide minor surgical procedures on an outpatient basis from our rooms in Donvale. Some of the procedures available include:

- Lesion biopsy and/or excision and grafting (if required)
- Carpal tunnel release
- Trigger finger release
- Removal of foreign bodies
- Naevi/cyst/ganglion removal
- Scar revision

Our state of the art facilities located at 12 Mitcham Road, Donvale provide you the opportunity of having your minor surgical procedure done from the comfort of our rooms. Benefits of having your minor procedure performed in our rooms include:

- Reduced cost as there are no private hospital or anaesthetic costs involved
- No hospital admission, lengthy wait times or admission procedures
- No fasting requirements
- Outpatient procedures are time saving for the patient as you are only required to be at the practice for the duration of the procedure. You are required to arrive 15 minutes prior to your procedure appointment and wait 15 minutes post your surgical procedure
- Avoid lengthy public hospital waiting lists
- Full quote and instructions provided to you prior to the minor procedure taking place
- Full health summary and consultation prior to your procedure

If you would like any further information regarding the procedures we offer please contact our admin team 03 9988 2888 or via email at info@prsmelbourne.com.au with your questions.
